1. Launch your favorite search engine page (Google, Yahoo, Bing, Ask) and type **IPOD Touch 8GB** into the search bar.

2. When the Genie Web-slice appears, click the Compare link:

- Three to five of the top Internet shopping comparison sites will load, depending on how you've customized your Genie (See Customize Your Genie section for details).
 - If you're using Internet Explorer 7.0 or later, each site will appear in a new browser Tab. With earlier versions of Internet Explorer, a new browser window will be opened for each shopping site.
3. Click the Bizrate tab, then the Shopping.Com tab, and then the Google Products tab and compare the prices and the stores listed to quickly find the best deals. Click on the links to the best offers to get details and terms.
